emizlife2014@gmail.com

## PROFESSIONAL SUMMARY

Creative detailed oriented software engineer with a deep interest in AI and a proven track record of creating and implementing successful frontend and backend applications, looking to bring my skill to a tech company with global reach.

## EXPERIENCE

HNG ,

### Mobile Developer 2025

Collaborated with a team of developers on tasks building an AI language learning app, participated in code reviews, and worked with modern tech stacks.

Parrotica ,

### Mobile developer, 2024/2025

Developed a mobile application for Parrotica, for their bulk sms service ensuring seamless user experiences and robust functionality. Collaborated with cross-functional teams to translate business requirements into scalable and efficient mobile solutions.

Pagefly ,

### Frontline operator 2023/2024

I help customers who need help utilizing SAS editor to create their own unique Shopify pages or who have questions or technical issues.. Using Html css and javascripts.
